THE ROYAL OAK FOUNDATION

The Royal Oak Foundation's mission is to inspire Americans to learn about, experience, and support places of great historic and natural significance in the United Kingdom in partnership with the National Trust of England, Wales, and Northern Ireland.

In the United States, Royal Oak sponsors a national program of lectures on topics in British history, art, architecture, and design as well as scholarships that enable Americans to study these topics in Britain.

An independent 501(c)(3) non-profit organization, the Foundation has supported a wide range of conservation and restoration projects in Britain and introduced tens of thousands of Americans to the work of the National Trust since its establishment in 1973.
